WHAT THE DATA SHOWS

Only about 1 in 8 men got the full workup first

12%

got the full workup before starting testosterone

ODINLAB

Chart review, conference presentation

THE STUDY

Researchers reviewed 200 patient charts (University of Michigan, ENDO 2026).

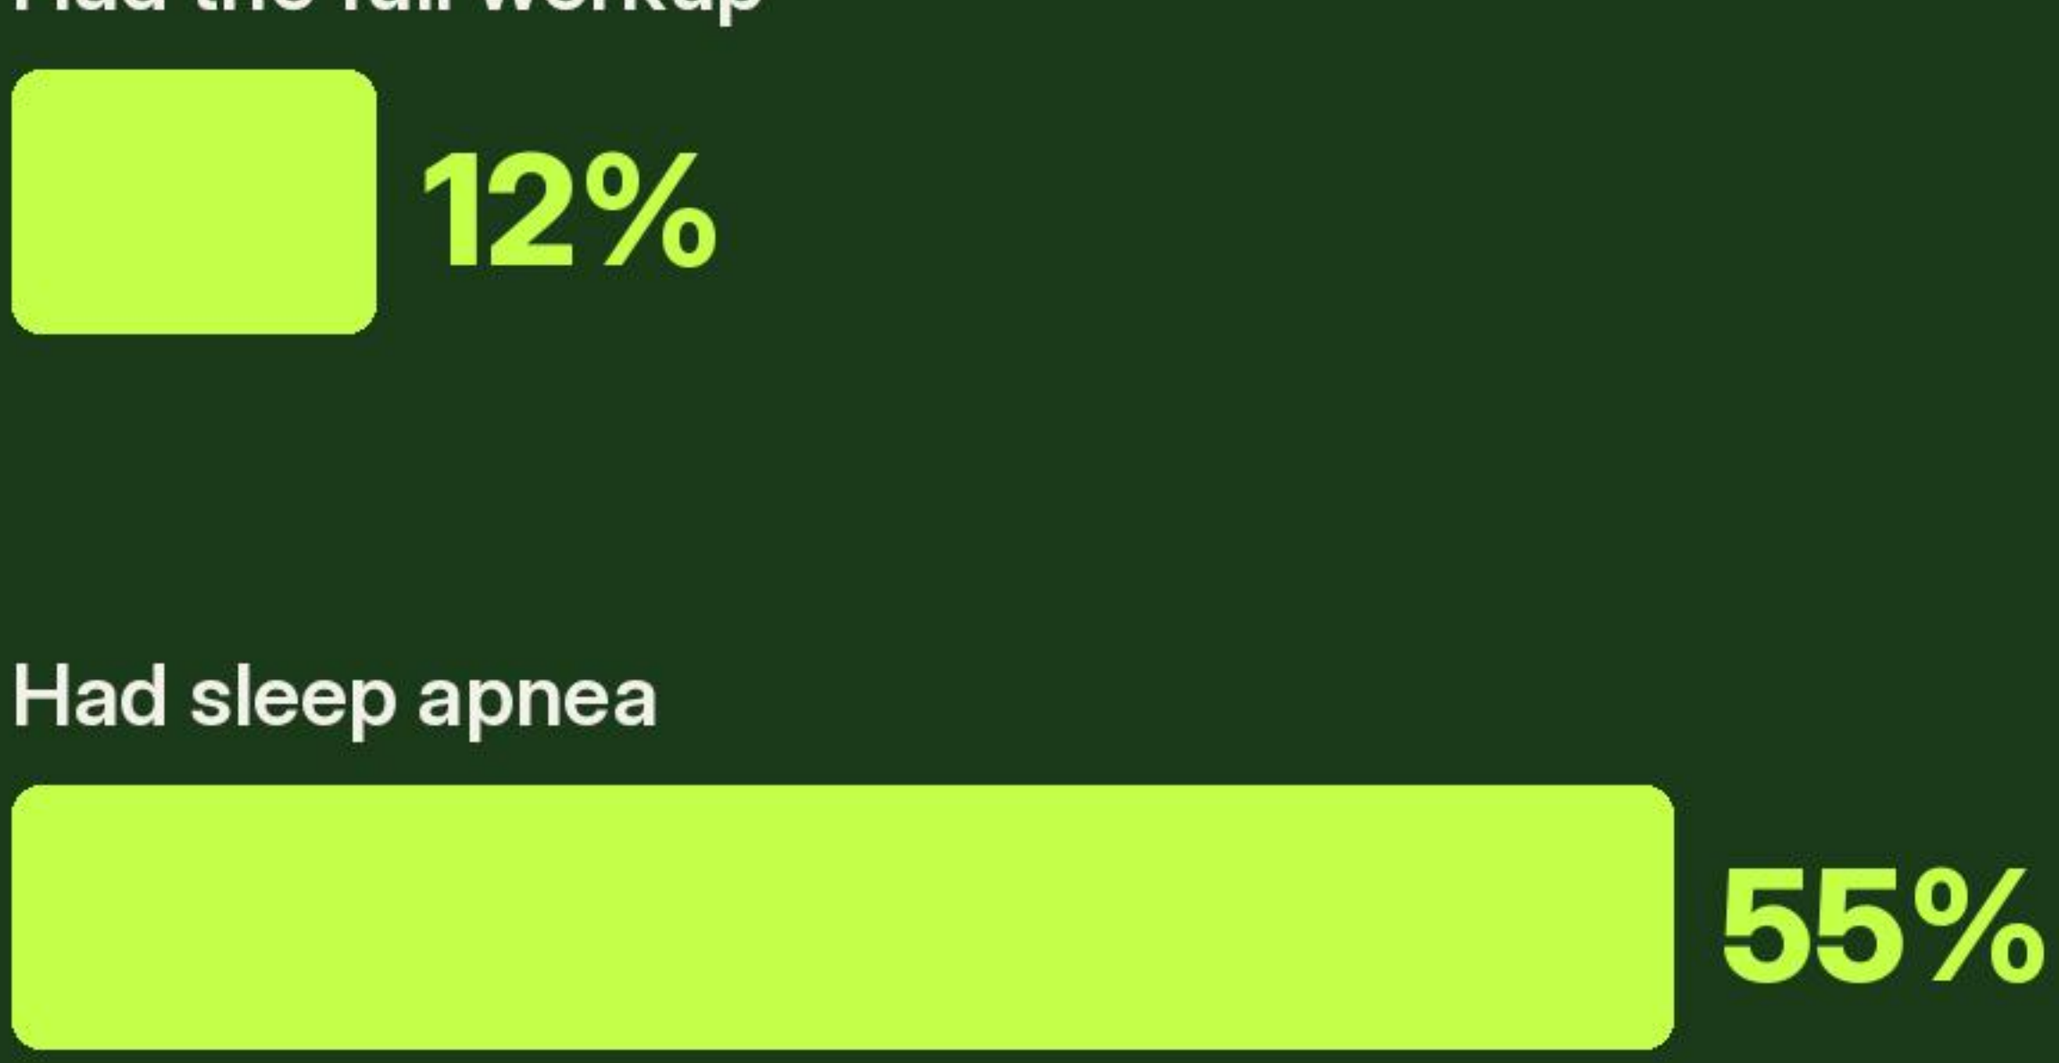

200

patient charts

Source: University of Michigan, ENDO 2026

TWO SEPARATE FINDINGS

In the same 200 charts

Each bar is its own fact. They are not parts of one whole.

Source: University of Michigan, ENDO 2026

WHAT IT MEANS FOR YOU

The full workup includes two low morning tests and a check of the brain signals that tell your body to make testosterone.

THE HONEST LIMITS

Sleep apnea is linked to lower testosterone (Andrology 2022 review). A low number should start a search for the cause.
